

CHARLES KENNETH C. LABIT

+639475468235 | charleslabit@gmail.com | Naic, Cavite

PROFESSIONAL SUMMARY

Front-End Developer with nearly four years of experience and close to seven years in software development, specializing in React.js, Next.js (SSG & SSR), TypeScript, and Mantine UI. Strong foundation in backend development, having previously worked with Node.js, Express.js, and MySQL. Proven ability to optimize UI performance, build scalable applications, and implement efficient CI/CD pipelines. Passionate about problem-solving, collaboration, and continuous learning to stay ahead of emerging technologies.

TECHNICAL SKILLS

- **Front-End Technologies:** React.js, Next.js, TypeScript, JavaScript, HTML, CSS
- **State Management & Data Fetching:** TanStack Query, Zustand, Atom
- **UI Libraries & Forms:** Mantine UI, React Hook Form
- **API Integration:** REST API, GraphQL
- **Testing & Deployment:** Playwright, Bitbucket (CI/CD), AWS (S3, CloudFront)
- **Tools & Collaboration:** Jira, Bitbucket, Git

PROFESSIONAL EXPERIENCE

Front-End Developer | Awesomelab Inc.

 July 17 **July 2021 – Present**

 **Remote/Philippines**

- Developed high-performance web applications for hotel management, data collection, e-commerce CMS, and HR systems using Next.js, TypeScript, and Mantine UI.
- Optimized UI performance, reducing redundant network calls by 30% through TanStack Query.
- Migrated UI frameworks from Ant Design to Mantine UI, enhancing application speed and flexibility.
- Integrated GraphQL using Apollo Client and AWS Amplify for efficient data fetching.
- Translated Figma designs into pixel-perfect, responsive, and accessible user interfaces.
- Implemented end-to-end testing with Playwright, improving test coverage and software reliability.
- Collaborated with backend developers to integrate APIs, optimize performance, and ensure seamless data flow between frontend and backend.
- Managed Git repositories, CI/CD pipelines, and tracked progress using Bitbucket and Jira.
- Deployed applications on AWS (S3, CloudFront).

Junior Programmer | HRD Singapore Pte. Ltd.

 July 17 **June 2018 - June 2021**

 **Philippines**

- Developed and maintained an in-house system for house planners, including inventory management, data extraction, content management, and automation.
- Worked with Magic XPA, Vue.js, Ant Design, Node.js, Express.js, RESTful APIs, and MySQL.

EDUCATION

Bachelor of Science in Computer Engineering

AMA Computer College - July 2018
